Workshop for NEXT Year's Leaders

In these difficult times, Student leaders play a vital role in setting the positive tone for your school year. They are the **HEART** of education.

LEADERSHIP 2010-2011

Build your STUDENT leadership team into the strong and viable working force you need to make next year the best. Bring your newly elected student body; class and club officers; yearbook and newspaper editors; team captains and those students your faculty identifies as having leadership potential for next year together to create the synergism which becomes heart for your school.

Featuring the Author: The "Original" Mike Smith

Mike is famous for his fast paced, energetic workshops, founded in proven techniques and strategies for successful living and leading. His DifferenceMaker Calendar/Planner has sold over 60,000 copies and is being used all over the country by student leaders, sponsors and parent volunteers.
