

Gum Art

- 1. Give everyone a piece of bubble gum and have them chew during announcements.**
- 2. Pass out a 3x5 card and toothpick to everyone, instructed them to spit their gum on the card and use the toothpick to create a work of Gum Art.**
- 3. Have kids share their Gum Art and then say:**

“This activity is a lot like leadership--we are all given the same opportunity, just like you were all given the same piece of gum--we all shaped our gum differently and will also shape our experience and contributions in ASB differently. Basically, it's up to each of us to do all the “chewing” in order to make our year a *work of art.*”
