

# Special Days or Weeks

We bring a special focus to different parts of our community with different special days or weeks. We design a series of activities that features that group with special thank you notes, perhaps a candy bar with a special note, a work day where we provide special assistance, quotes on the PA system about that group and the great job they do for the school. We currently focus a day or a week for: Advisors– those people who sponsor clubs and organizations; Secretaries; Police Liaison; School Nurse; Principals and Assistant Principals; and Coaches as each season begins.
